### III. Recommendation of the First Committee

7. The First Committee recommends to the General Assembly the adoption of the following draft resolution:

#### **The risk of nuclear proliferation in the Middle East**

*The General Assembly,*

*Bearing in mind* its relevant resolutions,

*Taking note* of the relevant resolutions adopted by the General Conference of the International Atomic Energy Agency, the latest of which are resolutions GC(53)/RES/16, adopted on 17 September 2009 and GC(53)/RES/17, adopted on 18 September 2009,<sup>1</sup>

*Cognizant* that the proliferation of nuclear weapons in the region of the Middle East would pose a serious threat to international peace and security,

*Mindful* of the immediate need for placing all nuclear facilities in the region of the Middle East under full-scope safeguards of the Agency,

*Recalling* the decision on principles and objectives for nuclear non-proliferation and disarmament adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on 11 May 1995,<sup>2</sup> in which the Conference urged universal adherence to the Treaty<sup>3</sup> as an urgent priority and called upon all States not yet parties to the Treaty to accede to it at the earliest date, particularly those States that operate unsafeguarded nuclear facilities,

*Recognizing with satisfaction* that, in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, the Conference undertook to make determined efforts towards the achievement of the goal of universality of the Treaty, called upon those remaining States not parties to the Treaty to accede to it, thereby accepting an international legally binding commitment not to acquire nuclear weapons or nuclear explosive devices and to accept Agency safeguards on all their nuclear activities, and underlined the necessity of universal adherence to the Treaty and of strict compliance by all parties with their obligations under the Treaty,<sup>4</sup>

*Recalling* the resolution on the Middle East adopted by the 1995 Review and Extension Conference on 11 May 1995,<sup>2</sup> in which the Conference noted with concern the continued existence in the Middle East of unsafeguarded nuclear facilities, reaffirmed the importance of the early realization of universal adherence to the Treaty and called upon all States in the Middle East that had not yet done so,

<sup>1</sup> See International Atomic Energy Agency, *Resolutions and Other Decisions of the General Conference, Fifty-third Regular Session, 14-18 September 2009* (GC(53)/RES/DEC(2009)).

<sup>2</sup> See 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, *Final Document, Part I* (NPT/CONF.1995/32 (Part I) and Corr.2), annex.

without exception, to accede to the Treaty as soon as possible and to place all their nuclear facilities under full-scope Agency safeguards,

*Noting* that Israel remains the only State in the Middle East that has not yet become party to the Treaty,

*Concerned* about the threats posed by the proliferation of nuclear weapons to the security and stability of the Middle East region,

*Stressing* the importance of taking confidence-building measures, in particular the establishment of a nuclear-weapon-free zone in the Middle East, in order to enhance peace and security in the region and to consolidate the global non-proliferation regime,

*Emphasizing* the need for all parties directly concerned to seriously consider taking the practical and urgent steps required for the implementation of the proposal to establish a nuclear-weapon-free zone in the region of the Middle East in accordance with the relevant resolutions of the General Assembly and, as a means of promoting this objective, inviting the countries concerned to adhere to the Treaty and, pending the establishment of the zone, to agree to place all their nuclear activities under Agency safeguards,

*Noting* that one hundred and eighty-one States have signed the Comprehensive Nuclear-Test-Ban Treaty,<sup>5</sup> including a number of States in the region,

1. *Welcomes* the conclusions on the Middle East of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons;<sup>6</sup>

2. *Reaffirms* the importance of Israel's accession to the Treaty on the Non-Proliferation of Nuclear Weapons<sup>3</sup> and placement of all its nuclear facilities under comprehensive International Atomic Energy Agency safeguards, in realizing the goal of universal adherence to the Treaty in the Middle East;

3. *Calls upon* that State to accede to the Treaty without further delay and not to develop, produce, test or otherwise acquire nuclear weapons, and to renounce possession of nuclear weapons, and to place all its unsafeguarded nuclear facilities under full-scope Agency safeguards as an important confidence-building measure among all States of the region and as a step towards enhancing peace and security;

4. *Requests* the Secretary-General to report to the General Assembly at its sixty-fifth session on the implementation of the present resolution;

5. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled "The risk of nuclear proliferation in the Middle East".
